

**SNM** POLYTECHNIC  
COLLEGE

**SNMIMT**  
ENGINEERING COLLEGE

**SNM**

# INSTITUTE OF MANAGEMENT & TECHNOLOGY

Under the patronage of HMDP Sabha, Moothakunnam.

*“Building a Better Future  
Based on Values”*

- Free transportation
- Scholarships to meritorious students
- No fees for SC/ST & OEC
- Students admitted under merit quota.

## TRAINING & PLACEMENT CELL

This Cell has made remarkable achievements over the past years

## Departments

### Electronics & Communication Engineering

The Department of ECE focuses to generate competent professionals in order to become part of the industry and research organizations at the National and International levels. The aim is to prepare its students for professional employment, entrepreneurship, and higher education through the study and implementation of the fundamental principles of Electronics and novel application developments.

### Civil Engineering

The Civil Engineering Department provides good understanding of Civil Engineering solutions by involving realistic social relevant projects and consultancy works. CE Department is proud to have efficient and committed faculty members expertize in investigation planning, designing, construction and maintenance of built environment.

### Computer Science & Engineering

The Computer Science and Engineering Department has a unique history and legacy that instills a sense of pride in both its residents and alumni. With the support of excellent team of experienced and enthusiastic faculty members and students, the department of CSE always stands as a mainstream of success in the Institution. Around 99% of our Alumni are occupying prominent positions in Software Industry or as Tycoons all over the World.

### Electrical & Electronics Engineering

The Electrical & Electronics Engineering department provides an empowering educational opportunity to students for their technical, professional and social development in competitive and dynamic global society. Association of Electrical & Electronics Engineering department "HORIZON" motivates the students for active participation in Co-curricular & Extracurricular activities.

### Instrumentation & Control Engineering

The Instrumentation & Control Engineering is defined as the art and science of measurement and control of various process variables within a process industry. Aim of this stream is to develop engineering skills in sensor technology, automation and controller design. Instrumentation engineers has job role in all the pies, be it chemical, petroleum, aeronautical, biomedical and also in thermal & nuclear power plants.

### Mechanical Engineering

The Mechanical Engineering department has well equipped laboratories to enhance practical knowledge and applications. Exceptional accomplishments of our department include a numero uno spot in 2015 university examination and the inception of student association of Mechanical Engineering, YANTRA fostering various curricular and extra-curricular activities.

#### Our Lab Facilities

# SNM Polytechnic College

Code : E09

ESTD : 2018

## Departments

### Electronics & Communication Engineering

In this digital age, knowledge of modern communication methods is essential for our day to day activities. The ECE department of SNMPTC trains students to excel in this field of engineering.

### Civil Engineering

In Civil Engineering nothing is so inspiring as seeing big works well laid out and planned. We SNM Polytechnic moulds our students with excellence at par to the industrial standards

### Automobile Engineering

Automobile Engineering offers extensive variety of opportunities for the candidates and it includes production plants, automobile manufacturing industries, service stations, private transport companies, state road transport corporations, motor vehicle departments, insurance companies etc. We provide the opportunity to our students to enhance their skill in the field of Automobile.

### Mechanical Engineering

Department of Mechanical Engineering deals with Casting the world, Forging the campus, Shaping the universe, Welding the rest of all branches, Because, we are the Men, we are the machine, and we are Mechanical Engineers. In the Mechanical Engineering Department of SNMPTC, Students are trained to become Pioneers in the world of Mechanical engineering.

### Electrical and Electronics Engineering

Electrical and electronics engineering is an engineering discipline concerned with the study, design, and application of equipment, devices, and systems which use electricity, electronics and electromagnetism. Electric design is one of the important aspects of Electric Vehicles. Electrical Engineers can enhance the present design of the vehicles by employing improvements in the motor, braking system, electronic gadgets, Batteries, and electric lighting of Electric Vehicles.

#### Extra Curricular Activities
